Player's signature: _____ **Date:** _____

If the player is under 18 years of age, a parent or guardian shall sign together with or on behalf of the player:

Parent's / Guardian signature: _____ **Date:** _____

10. Notes

Note 1	Medication details <i>Provide details concerning all prohibited substances or methods for which approval is sought. Use generic names (INN) and specify medication dose.</i>
Note 2	Name, qualification and medical specialty <i>For example: Dr SF Jones, MD FRACP, gastroenterologist</i>
Note 3	Diagnosis <i>Evidence confirming the diagnosis must be attached and forwarded with this application. The medical evidence should include a comprehensive medical history and the results of all relevant examinations, laboratory investigations and imaging studies. Copies of the original reports or letters should be included when possible. Evidence should be as objective as possible in the clinical circumstances and in the case of non-demonstrable conditions independent supporting medical opinion will assist this application.</i>
Note 4	Team Doctor <i>Where possible the Team Doctor of your NSGB should be notified of the application. When appropriate, the application should include a statement by the Medical Officer of the athlete attesting to the necessity of the otherwise Prohibited Substance or Prohibited Method in the treatment of the player.</i>
Note 5	<i>If a permitted medication can be used in the treatment of the athlete's medical condition, please provide clinical justification for the requested use of the prohibited medication.</i>
Note 6	<i>Should an athlete require medical treatment during or within 21 days of the commencement of the tournament and that medical treatment will include the use of a banned substance(s) that player must apply for an Emergency TUE.</i> <i>It is recommended where possible that an application for an Emergency TUE be submitted prior to the administration of medication. However, where an athlete needs emergency medical treatment and there is not sufficient time to submit an Emergency TUE application prior to administering urgent medication, then a TUE may be granted retrospectively. The application shall be submitted to the tournament Medical Committee as soon as possible after the administration of the medical treatment.</i> <i>All Emergency TUEs will be processed on an expedited basis.</i> <i>Emergency TUEs will be processed in accordance with the International or BCDS Anti-Doping Code and must satisfy the provisions therein</i>

Please note incomplete applications will be returned and will need to be resubmitted

Please submit the completed form to the Bermuda Council for Drug-free Sport for the attention of Cathy Belvedere, who in turn will forward it to the BCDS TUE Committee for approval or where necessary to your International Federation. Please keep a copy of the completed form for your records.
